

Java Interview Questions

1. What is Java?
2. What are the main features of Java?
3. Why is Java platform independent?
4. What is JVM?
5. What is JRE?
6. What is JDK?
7. What is the difference between JVM, JRE, and JDK?
8. What is bytecode?
9. What is a class?
10. What is an object?
11. What are the four pillars of Object-Oriented Programming (OOP)?
12. What is encapsulation?
13. What is inheritance?
14. What is polymorphism?
15. What is abstraction?
16. What is method overloading?
17. What is method overriding?
18. What is the difference between method overloading and method overriding?
19. Can static methods be overridden?
20. What is the difference between compile-time polymorphism and runtime polymorphism?
21. What is a constructor?
22. What are the types of constructors in Java?
23. Can constructors be inherited?
24. Can a constructor be private?
25. What is constructor overloading?
26. What is the this keyword?

27. What is the super keyword?
28. What is the final keyword?
29. What is the static keyword?
30. What is the difference between static and instance variables?
31. What is a String in Java?
32. Why are Strings immutable in Java?
33. What is the difference between String, StringBuilder, and StringBuffer?
34. What is the difference between == and .equals()?
35. What is the String Pool?
36. What is an array?
37. What is the difference between an array and an ArrayList?
38. How do you find the length of an array?
39. What is an exception?
40. What is exception handling?
41. What are the keywords used in exception handling?
42. What is the difference between checked and unchecked exceptions?
43. What is the purpose of the finally block?
44. What is the Java Collection Framework?
45. What is the difference between ArrayList and LinkedList?
46. What is a HashMap?
47. Can HashMap contain null keys and null values?
48. What is the difference between HashMap and HashSet?
49. What is multithreading?
50. What is garbage collection in Java?

Some Up-top questions

51. What is the difference between HashMap and Hashtable?
52. What is the difference between List, Set, and Map?
53. What is an interface?

54. What is an abstract class?
55. What is the difference between an abstract class and an interface?
56. What is a package in Java?
57. What is the difference between public, private, protected, and default access modifiers?
58. What is the main() method signature in Java?
59. What is autoboxing and unboxing?
60. What is the difference between throw and throws?
